INFORMATION FOR FUNDERS

The Vaccine

The first 1 million doses of the Oxford AstraZeneca vaccine have arrived in the country, manufactured by the Serum Institute of India (SII). It is a 10 dose vial. Each dose is 0.5 ml. A further 500 000 vaccines from SII are expected to arrive later this month.

Reimbursement

Single Exit Price (SEP) is still to be finalised. Administration fee of between R50 and R60. Dispensing fee will be based on the SEP of the vaccine.

Funding

Medical schemes will pay both vaccine doses & the administration fee from the PMB benefit for their beneficiaries, even if they are the healthcare workers covered under Phase 1.

Registration

Registration is voluntary but unless you are registered on the Electronic Vaccine Data System (EVDS), you will not receive the vaccine. At this stage only healthcare workers as part of the Phase 1 roll-out should register. Vaccinations should begin mid February. Register on: <https://vaccine.enroll.health.gov.za/#/>

Claiming

Providers should use the following NAPPI codes:
For the vaccine administration fee: **3002823001**;
For the Covishield vaccine: **3002794001**.
Both of these NAPPI codes will only be live once the fees have been finalised by government.
