

Get ready to sell to the world

What are web payments?

Also known as e-commerce, web payments are fast becoming business as usual as more and more companies choose to do business online.

Why e-commerce

Selling and receiving payments via the Internet means that you will benefit from lower transactional and marketing costs and you will have endless opportunities to sell and grow your client lists. Going e-commerce also means that your business is digitally automated to making sales 24 hours a day.

What Sanlam Multi Data offers

- ▶ An easy to use credit and debit card payment gateway.
- ▶ Save card functionality for recurring card collections and repeat purchases
- ▶ A generic range of shopping carts including WooCommerce, Magento and OpenCart.
- ▶ Various payment methods
 - Card with 3D Secure including:
 - Visa
 - MasterCard
 - Diners
 - Amex (non-3D Secure)
 - SnapScan
 - MasterPass
 - EFTsecure

What Sanlam Multi Data offers *continued*

- ▶ A tokenised solution to prevent data breaches.
- ▶ A solution fully compliant to The Payment Card Industry Data Security Standard (PCI DSS) that entails a set of security standards designed to ensure that all companies that accept, process, store or transmit credit card information maintain a secure environment.
- ▶ On-boarding process for your existing or new business.

How it works

▶ Existing web sites

You can enhance your current site and build the **Buy** button in-house, or contract an external company to do so.

▶ New web sites

First build your web site to host the products you intend to sell. Sanlam Multi Data can refer you to approved providers in our network to help with the rest.

- ▶ Once you are up and running, we will bring you on board with our web payment solution, making your streamlined Internet business ready to start realising profit.

At Sanlam, we understand that your business is important to you. Which is why we'll work tirelessly to ensure that your transaction processing needs are treated with the respect they deserve.

That's what makes us Wealthsmiths™

About us

Sanlam Multi Data is a division of Sanlam Life and our client base is spread across South Africa and Namibia. We conduct in excess of 42 million EFT transactions with a rand value of over 360 billion for about 550 clients.

Our electronic financial transaction services comprise payments and collections (including DebiCheck) that ensure employees and creditors are paid on time, decrease the risk of paper-based fraud and reduce the administration of unpaid collections for tighter cash flow control.

Make the switch

Let's talk more about how we can help your business reach the world.
