

# INDIVIDUAL HEALTHCARE

Choosing a medical scheme option to meet your needs

Choosing a medical scheme and the appropriate option to meet your unique healthcare needs can be very daunting.

The good news is that you don't have to struggle any further to understand the various benefits and cost structures associated with the multitude of medical schemes and gap cover providers in the market today. Simeka Health can assist you with appropriate healthcare solutions best suited to your needs.

## **HOW CAN WE ASSIST YOU?**

### APPROPRIATE ADVICE

Our accredited healthcare consultants can assess your needs, provide you with a comparative quotation and advise you on appropriate healthcare solutions to suit your unique circumstances.

Will you have the cover you need in an emergency? Are you getting good value for money? Are you aware of the additional benefits that gap cover can provide?

## **HELP** WHEN YOU NEED IT

Our skilled and accredited consultants will:

- Assist with unresolved claims and benefit queries
- Explain benefits and administrative procedures of your medical scheme
- Provide product information
- Support you in dispute processes with medical schemes and service providers
- · Assist you to review your medical scheme options, and provide benefit- and premium changes at year-end renewals
